

U.S. ENVIRONMENTAL PROTECTION AGENCY  
 Office of Pesticide Programs  
 Antimicrobials Division (7510P)  
 1200 Pennsylvania Ave., N.W.  
 Washington, D.C. 20460

EPA Reg. Number:

45745-12

Date of Issuance:

12/14/2020

NOTICE OF PESTICIDE:

Registration  
 Reregistration  
 (under FIFRA, as amended)

Term of Issuance:

Conditional

Name of Pesticide Product:

Facility+ RTU

Name and Address of Registrant (include ZIP Code):

Maggie Thomson  
 Midlab, Inc.  
 140 Private Brand Way  
 Athens, TN 37303

**Note:** Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Antimicrobials Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A). You must comply with the following conditions:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product under FIFRA when the Agency requires all registrants of similar products to submit such data.

Signature of Approving Official:

*E. Miederhoff*  
 Eric Miederhoff  
 Product Manager 31  
 Regulatory Management Branch I  
 Antimicrobials Division (7510P)  
 Office of Pesticide Programs

Date:

12/14/2020

2. You are required to comply with the data requirements described in the DCI or EDSP Order identified below:

a. Hydrogen Peroxide GDCI-000595-1127

You must comply with all of the data requirements within the established deadlines. If you have questions about the Generic DCI or EDSP Order listed above, you may contact the Reevaluation Team Leader (Team 36): <http://www2.epa.gov/pesticide-contacts/contacts-office-pesticide-programs-antimicrobial-division>

3. The data requirements for storage stability and corrosion characteristics (Guidelines 830.6317 and 830.6320) are not satisfied. A one year study is required to satisfy these data requirements. You have 18 months from the date of registration to provide these data.

4. Make the following label changes before you release the product for shipment:

- Revise the EPA Registration Number to read, “EPA Reg. No. 45745-12.”

5. Submit one copy of the final printed label for the record before you release the product for shipment.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Assurance.

If you fail to satisfy these data requirements, EPA will consider appropriate regulatory action including, among other things, cancellation under FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records. Please also note that the record for this product currently contains the following CSFs:

- Basic CSF dated 08/13/2020

If you have any questions, please contact Karen M. Leavy by phone at (703)-308-6237, or via email at [Leavy.Karen@epa.gov](mailto:Leavy.Karen@epa.gov).

*(Note to Reviewer: The list of organisms can be formatted into paragraph form using a comma to separate organisms.)*

**BACTERIA (BACTERICIDAL ACTIVITY):** This product kills the following bacteria in 10 minutes on hard, non-porous surfaces with 5% soil:

*Pseudomonas aeruginosa* (ATCC 15442)

*Staphylococcus aureus* (ATCC 6538)

*Salmonella enterica* (ATCC 10708)

**\*VIRUCIDAL ACTIVITY:** This product kills the following viruses in 1 minute on hard, non-porous surfaces with 5% soil:

\*SARS-Related Coronavirus 2 (SARS-CoV-2), BEI Resources NR-52281, Strain Isolate USA-WA1/2020 (the virus that causes COVID-19) (ATCC CRL-1586)

**This product kills the following viruses in 5 minutes on hard, non-porous surfaces with 5% soil:**

\*Norovirus (Feline Calicivirus as the surrogate)

\*Rhinovirus Type 37 (ATCC VR-1147)

## MARKETING CLAIMS

*(Note to Reviewer: Marketing text is considered optional. Commas and the words "and" "or" can be added to phrases to make text grammatically correct.)*

### **(LOCATIONS/SURFACES)**

*(Note to Reviewer: The locations/surfaces have been grouped for space purposes only; they can be used individually or grouped together in any order; however, at least one location/surface must appear on the label. In the case where one or more location/surface is chosen, an "and" "&" "or" may be used to link locations/surfaces.)*

This product is for use on hard, non-porous surfaces in *(insert location)*.

This product cleans, disinfects and deodorizes hard, non-porous (hospital) (medical) surfaces (in one step) when used according to disinfection directions for the following use site: *(insert location)*

This product [(when used as directed) (can be used)(is formulated to)] [(disinfect) (clean) (deodorize)] (is formulated for use)] on (washable) hard, non-porous surfaces such as: *(insert surface)*.

For use (in) (on) *(insert location/surface)*.

### **(LOCATIONS)**

- Airline terminals, airports, bus stations, train stations, transportation terminals, shipping terminals, travel rest areas
- Airplanes, buses, helicopters, public transportation, taxis, trains
- Ambulances, emergency transport vehicles, fire trucks, police cars
- Art galleries, casinos, movie houses, museums, performance centers, sports arenas, sports complexes, stadiums, theaters
- Athletic facilities, bowling alleys, exercise facilities, exercise rooms, gyms, gymnasiums, health clubs, locker rooms
- Automobiles, campers, cars, RVs, trailers, trucks, vehicles
- Bathrooms, public restrooms, restrooms, shower rooms, shower, and bath areas
- Boats, barges, cruise lines, cruise ships, ships, watercraft
- Boxcars, tankers, tank trucks
- Businesses, banks, bookstores, convenience stores, department stores, dressing rooms, gift shops, offices, retail and wholesale establishments, shopping malls, supermarkets
- Campgrounds, picnic facilities, playgrounds, recreational facilities
- Commercial, commercial sites, industrial, industrial sites, institutions, institutional, institutional facilities, public places

- Correctional facilities, correctional institutions, courthouses, jails, municipal government buildings, penitentiaries, police stations, prisons
- Day care centers, (children) nurseries, kindergartens, and preschools
- Delivery trucks, garbage trucks, maintenance vehicles
- Emergency Medical Services (EMS) facilities, fire facilities, fire stations
- Factories, manufacturing plants, warehouses
- Food establishments, bakeries, bars, cafeterias, catering, coffee shops, donut shops, fast food operations, food storage areas, institutional kitchens, liquor stores, restaurants, taverns, wineries
- Food handling and processing areas, food preparation and storage areas, breweries, beverage plants, canneries, cheese factories, egg processing plants, federally inspected meat and poultry plants, processing facilities for fish, milk, citrus, wine, fruit, vegetable, ice cream, potato, and beverage plants
- Healthcare facilities, assisted living, clinics, dental offices (clinics), emergency rooms, hospices, hospitals, labs, laboratories, medical offices, medical research facilities, nursing homes, operating rooms (theaters), patient care facilities, patient (care) rooms, pharmacies, physician offices, physical therapy rooms, surgical centers, waiting rooms, acute care institutions, alternate care institutions, ambulatory care centers, anesthesia rooms or areas, autopsy rooms, blood collection rooms, examination rooms, home healthcare institutions, ICU areas, isolation wards, neonatal units, quarantine areas, radiology rooms, orthopedics, out-patient surgical centers respiratory therapy, recovery rooms, x-ray CAT labs ophthalmic/optometric facilities, washing areas
- Health clubs, spas, tanning beds, tanning salons, massage/facial salons
- Hair/nail/pedicure salons, barber (beauty) shops, salons, foot spas. *(Not for use on needles or other skin piercing instruments)*
- Homes, attics, basements, bathrooms, bedrooms, cellars, garages, kitchens, laundry rooms, living rooms, porches, and other household areas
- Hotels, motels
- Laundry facilities, commercial laundries, coin-operated laundries, laundry cleaning facilities
- Office buildings, break rooms, offices, housekeeping, janitorial rooms, workstations
- Public facilities, churches, funeral homes, libraries, post offices
- Recycling centers
- Retirement communities, assisted living, elder care centers (facilities)
- Schools, classrooms, colleges, community colleges, dormitories, technical schools, universities
- Veterinary, animal housing facilities, animal laboratories, animal research centers, animal quarantine areas, animal holding areas, barns, crates, dairies, exam rooms, (equine) farms, grooming establishments (facilities), (livestock) (poultry) (swine) premises (facilities), (dog) (cat) (animal) kennels, pens, pet animal quarters, pet shops, pet stores, pet washing areas, stalls, veterinary clinics, zoos, and other animal care facilities

***(HARD, NON-POROUS SURFACES)***

- Appliances, microwave ovens, refrigerators, stoves, stovetops, trash compactors
- Aluminum, baked enamel surfaces, chrome, finished floors, glass surfaces, glazed ceramic, glazed porcelain, Formica<sup>®</sup>, glazed tile, laminated surfaces, metal, mirrors, painted surfaces, plastic (such as polycarbonate, polyvinylchloride, polystyrene or polypropylene), plated steel, Plexiglas<sup>®</sup>, sealed concrete, sealed limestone, sealed slate, sealed stone, sealed terra cotta, sealed terrazzo, stainless steel, vinyl and plastic upholstery, washable wallpaper, windows
- Animal equipment, cages, kennels
- Athletic (gymnastic) (wrestling) mats, Athletic (exercise) equipment, athletic training tables, playground equipment
- Bathrooms, bathroom fixtures, (bathroom) sinks, bathtubs, basins, chrome plated intakes, faucets, glazed tiles, mirrors, restroom fixtures, shower curtains, shower doors, shower rooms, shower stalls, toilets, toilet bowls, toilet bowl surfaces, toilet seats, tubs, urinals, vanity tops
- Benches, chairs, cabinets, carts, desks, desktops, doorknobs, folding tables, handles, garbage cans, racks, tables, trash cans, trash containers
- Cellular phones, computer mouse, computer peripherals, computer tables, cords, keyboards, laptops, telephones
- Countertops, counters, ceilings, doorknobs, floors, fixtures, finished baseboards and windowsills, handles, plumbing fixtures, shelves, (kitchen) sinks, walls

- Barber tools, combs, hair clippers, manicure instruments, plastic rollers, razors, scissors, tanning beds, tanning equipment, trimmers, tweezers, washable nail files
- Highchairs, baby cribs, diaper changing stations
- Bed frames, bed rails, bedpans, bedside tables, blood pressure cuffs, blood pressure monitors, examining tables, gurneys, physical therapy equipment, scales, stretchers, traction devices, MRI equipment, CAT equipment, wash basins, wheelchairs
- Portable toilets
- And other hard, non-porous surfaces

### **DISINFECTION MARKETING CLAIMS**

***(Note to Reviewer: The following marketing claims may be used with the prefix “This product or actual product name”.)***

- Antimicrobial
- Cleans and disinfects finished floors (without dulling gloss).
- Cleans, disinfects, and deodorizes hard, non-porous (hospital) (medical) surfaces in one step when used according to disinfection directions.
- Designed for healthcare (non-critical hard nonporous surfaces).
- Disinfects hard, non-porous non-food contact (kitchen) (and) (bathroom) surfaces (and floors).
- Has shown effectiveness against *(insert organism name from approved organism listing for this product)*.
- Is a versatile disinfectant for veterinarian, veterinary practice, animal care, animal laboratory, and agricultural and farm premise applications.
- Is a (one-step) (hospital-use) (broad spectrum) (multi surface) (germicidal<sup>¥</sup>) disinfectant, cleaner and (deodorant) (odor-counteractant) (odor neutralizer) when used according to disinfection directions on hard, non-porous surfaces. (<sup>¥</sup>[effective against][kills] ***approved bacteria and virus from page 3***)
- Is a ready to use hospital use disinfectant that is effective against a broad spectrum of bacteria, is virucidal\*, (and eliminates odor causing bacteria) when used as directed.
- Is a (ready to use) (bowl and) bathroom cleaner, which cleans, disinfects, and deodorizes
- Is a proven disinfectant, cleaner, and virucide\*.
- Is an effective [(bactericide) (and) (virucide\*) (disinfectant)] in the presence of [(organic soil) (5% (blood) serum)].
- Is designed to provide both general cleaning and disinfection.
- Is for use in federally inspected meat and poultry plants on all hard, non-porous surfaces in inedible product processing areas, non-processing areas and/or exterior areas, federally inspected meat and poultry plants as a floor and wall cleaner for use in all departments, and federally inspected meat and poultry plants as a disinfectant agent for use in all departments.
- Is used to disinfect hard, non-porous (salon) (barber) tools and instruments such as combs, clippers, plastic rollers, brushes, trimmers, razors, scissors, blades, tweezers, baths, manicure instruments, pedicure instruments, and footbath surfaces.
- Kills *(insert \*virus name from approved organism listing for this product)*.
- Kills (99.9% of) (any disinfection organism listed) (on hard, non-porous, non-food contact surfaces).
- Kills bacteria and helps reduce cross-contamination on treated hard, non-porous non-food contact kitchen surfaces listed on this label.
- Kills (99.9% of) (household) bacteria –and/or– germs<sup>¥</sup> on hard, non-porous surfaces ((that get) tracked into your home) (by shoes –and/or– pets –and/or– kids) (from outside) (every day) when use as directed. (<sup>¥</sup>[effective against][kills] ***approved bacteria and virus from page 3***)
- Kills (99.9% of) (kitchen) bacteria –and/or– germs<sup>¥</sup> ((that get) tracked into your home) (by shoes –and/or– pets –and/or– kids) (from outside) (every day). Food Contact surfaces must be rinsed with potable water. (<sup>¥</sup>[effective against][kills] ***approved bacteria and virus from page 3***)
- May be used to clean and disinfect [((in *(insert site from Locations)*)) ((on *(insert from Surfaces)*))].
- Multi surface cleaner disinfectant for hard, non-porous surfaces.
- Meets surface disinfection recommendations from OSHA Bloodborne Pathogen Standard.
- Multi surface cleaner disinfectant for hard, non-porous surfaces.

- Tough on germs, easy on surfaces.
- Removes and/or cleans Bathtub ring, Blood, Body oils, Dirt, Fecal matter, Grime, Laboratory stains, Common soils and/or stains, Organic matter, Urine.
- Effective against \*SARS-Related Coronavirus 2 (SARS-CoV-2) (the virus that causes COVID-19) on hard, non-porous surfaces in 1 minute.

#### GENERAL MARKETING CLAIMS

**(Note to Reviewer:** The following marketing claims may be used with the prefix “This product” or “This product is (a) (an)”.)

- Can be applied through low-pressure sprayer systems.
- Clear (drying) formula.
- Cuts cleaning time.
- Easy to use.
- Good for use with microfiber cloths.
- Has been designed specifically for areas where housekeeping is of prime importance.
- Is effective yet economical.
- Leaves no visible residue.
- Makes cleaning easier.
- Non-abrasive (formula designed for daily use).
- Non-dulling formula eliminates the time and labor normally required for rinsing (floors).
- Use this product to treat hard, non-porous multi-touch surfaces that may be responsible for cross-contamination between surfaces.
- Will not harm sealed stone, sealed grout, or glazed tile.
- Will not harm most hard, non-porous surfaces.
- Will not leave grit or soap scum.

#### CLEANING AND DEODORIZATION MARKETING CLAIMS

**(Note to Reviewer:** The following marketing claims may be used with the prefix “This product”.)

- Cleans (*insert from Surfaces*).
- Cleans everyday messes.
- Cleans (and shines) (without bleaching) (by removing) (dirt) (grime) (and) (food soils in food preparation and processing areas) (everyday kitchen messes) (non-food contact kitchen surfaces and food preparation areas) (like dirt, grease and food stains). Food Contact surfaces must be rinsed with potable water.
- Cleans by removing dirt, grime, blood, urine, fecal matter, and other common soils found in animal housing facilities, (livestock, swine or poultry facilities), (grooming facilities), (farms), (kennels), (pet stores), (veterinary clinics), (laboratories), (or other small animal facilities).
- Cleans quickly by removing dirt, grime, food residue, body oils, dead skin, blood and other organic matter commonly found.
- Cuts cleaning time.
- Daily cleaning.
- Fast strong cleaning.
- Is a floor cleaner.
- Is for non-scratch cleaning of showers and tubs, shower doors and shower curtains, fixtures, and toilet bowls.
- Is formulated to provide effective cleaning strength that will not dull high gloss floor finishes with repeated use.
- Provides effective cleaning strength that will not dull most metal-interlock floor finishes and does not require a rinse prior to recoat.
- Provides long lasting freshness against tough (pet) odors (such as odors from litter boxes and pet accidents).
- Removes dirt.
- Removes stains.

## DEODORIZER

- Deodorizes by killing microorganisms that causes offensive odors.
- [(Eliminates) (destroys)] odors and odor-causing bacteria on hard, non-porous surfaces (in restroom areas), (behind and under sinks and counters), (in storage areas) (where bacterial growth can cause malodors).
- Fewer products – no need for separate deodorizer.
- Kills odor causing bacteria in (*insert site from Locations*)
- Neutralizes musty odors and tough odors from smoke, pet accidents, and spills on contact.
- The smell of clean.
- This product will deodorize surfaces and other places bacteria growth can cause malodors.
- This product deodorizes areas that are hard to keep fresh smelling.
- This product (also) reduces odor-causing bacteria leaving [(bathrooms) (restrooms)] smelling clean and fresh.
- Use of this product will control unpleasant [(malodors) (odors)].
- Use where odors are a problem.
- Will disinfect, clean, and deodorize surfaces in rest rooms and toilet areas, behind and under sinks and counters, garbage cans and garbage storage areas, and other hard, non-porous surfaces where bacterial growth can cause malodors.

## OTHER

- Do not use on glasses, dishes, and utensils.
- Do not use on marble or un-sealed/un-coated terrazzo floors.
- Keep out of direct sunlight
- Contains hydrogen peroxide.
- Contains no fragrances.
- Fragrance free.
- Hydrogen Peroxide Disinfectant Cleaner
- No added (perfumes) (fragrances) (and) (or) (dyes).
- No harsh alcohol smell cleaner
- This cleaner does not contain (chlorine) bleach
- Non (chlorine) bleach cleaner.
- Will not (stain) (discolor) (bleach) uniforms or fabrics Color safe.
- Facility + <sup>TM</sup> RTU by Maxim

## PACKAGING CLAIMS

- Convenient trigger spray. (**Note to Reviewer:** *To be used on applicable container*)
- Ready to Use (RTU)
- This [(container) (bottle)] is made of (at least) (X) % post-consumer recycled plastic.

## (Modes of Application:)

This product can be applied by a sponge, brush, cloth, (mop,) (auto scrubber,) (mechanical spray device,) (by immersion,) or (hand pump)(coarse trigger) sprayer. Change cloth, sponges, or towels frequently to avoid redeposition of soil.

## Emerging Viral Pathogen Claims

This product qualifies for emerging viral pathogen claims per the EPA’s “Guidance to Registrants: Process for Making Claims Against Emerging Viral Pathogens not on EPA-Registered Disinfectant Labels” when used in accordance with the appropriate use directions indicated below.

**Product name** (this product) meets the criteria to make claims against emerging pathogen claims from the following viral categories:

- Enveloped viruses
- Large non-enveloped viruses
- Small non-enveloped viruses

<b><i>For an emerging viral pathogen that is a/an...</i></b>	<b><i>...follow the directions for use for the following organisms on the label</i></b>
Enveloped virus	Norovirus (Feline Calicivirus as the surrogate) Rhinovirus Type 37
Large, non-enveloped virus	Norovirus (Feline Calicivirus as the surrogate) Rhinovirus Type 37
Small, non-enveloped virus	Norovirus (Feline Calicivirus as the surrogate) Rhinovirus Type 37

**Product Name** (this product) has demonstrated effectiveness against viruses similar to **insert name of emerging virus** on hard, nonporous surfaces. Therefore, product name (this product) can be used against **insert name of emerging virus** when used in accordance with the directions for use against **insert name of supporting virus(es)** on hard, nonporous surfaces. Refer to the CDC -or- OIE website at **insert pathogen-specific website address** for additional information.

**Insert name of illness/outbreak** is caused by **insert name of emerging virus**. **Product name** (this product) kills similar viruses and therefore can be used against insert name of emerging virus when used in accordance with the directions for use against **insert name of supporting virus(es)** on hard, nonporous surfaces. Refer to the CDC -or- OIE website at **insert pathogen-specific website address** for additional information.

**DIRECTIONS FOR USE:** It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

*(Note to Reviewer: For labels that list medical devices and/or stainless steel surfaces, one of the following FDA/EPA Memorandum of Understanding statements must be used.)*

[(This product is not to be used as a terminal sterilant/high level disinfectant on any surface or instrument that (1) is introduced directly into the human body, either into or in contact with the blood stream or normally sterile areas of the body, or (2) contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body. This product may be used to pre-clean or decontaminate critical or semi-critical medical devices prior to sterilization or high level disinfection.)

**(OR)**

(This product is not for use on medical device surfaces.)]

Not recommended for use on copper, brass, granite, marble, or zinc.

*(Reviewer note: Bullets in Use Directions may be written in paragraph form)*

**FOR USE AS A (DAILY) (ONE-STEP) DISINFECTANT (DEODORIZER) (CLEANER):**

- Pre-clean visibly soiled surfaces prior to the application of this product.
- Apply this product to hard, non-porous surfaces with a sponge, brush, cloth, (mop,) (auto scrubber,) (mechanical spray device,) (by immersion,) or (hand pump)(coarse trigger) sprayer. For spray applications, spray 6 - 8 inches from surface. Do not breathe spray.
- All surfaces must remain visibly wet for ten (10) minutes.
- Wipe dry (with a clean cloth (or paper towel)) (or let air dry).

**NOTE:** Rinsing of floors is not necessary unless they are to be waxed or polished. When cleaning floors, position “wet floor” signs around area to be cleaned. Floors will be slippery when wet or contaminated with foreign materials. Do not use on glassware, utensils, or dishes.

*(Reviewer note: The following directions are considered optional language and will only appear as supplemental language when the directions above appear on the label.)*

[For Use as One-Step Cleaner/Disinfectant:

1. Wear chemical splash-proof goggles or face shield.

2. Spray surface until thoroughly wet.

3. Allow surface to remain visibly wet. Read label for contact times.

4. Wipe surface or let air dry.

Read label for entire directions for use.]

**FOR USE AS (DAILY) (BATHROOM) (RESTROOM) (ONE-STEP) DISINFECTANT (CLEANER):**

- Pre-clean visibly soiled surfaces prior to the application of this product.
- Apply this product to hard, non-porous surfaces with a sponge, brush, cloth, (mop,) (auto scrubber,) (mechanical spray device,) (by immersion,) or (hand pump)(coarse trigger) sprayer. For spray applications, spray 6 - 8 inches from surface. Do not breathe spray.
- All surfaces must remain visibly wet for ten (10) minutes.
- Wipe dry (with a clean cloth (or paper towel)) (or let air dry).

**NOTE:** Rinsing of floors is not necessary unless they are to be waxed or polished. When cleaning floors, position “wet floor” signs around area to be cleaned. Floors will be slippery when wet or contaminated with foreign materials.

**FOR USE TO CLEAN AND DISINFECT SHOWER ROOMS, LOCKER ROOMS AND OTHER LARGE, OPEN AREAS WITH FLOOR DRAINS:**

- Pre-clean visibly soiled surfaces prior to the application of this product.
- Apply this product to hard, non-porous floors, walls and ceilings making sure not to over spray. To disinfect, all surfaces must remain visibly wet for ten (10) minutes.
- Scrub using a deck brush.
- Rinse surfaces thoroughly and let air dry.

**NOTE:** When cleaning floors, position “wet floor” signs around area to be cleaned. Floors will be slippery when wet or contaminated with foreign materials.

**FOR USE AS A \*VIRUCIDE:**

- Pre-clean visibly soiled surfaces prior soil prior to the application of this product.
- Apply this product on hard, non-porous surfaces until thoroughly wet.
- Let stand for five (5) minutes. A one (1) minute contact time is required for \*SARS-Related Coronavirus 2 (the virus that causes COVID-19),. (Virus to be listed if used as a kill claim.)
- Wipe dry (with a clean cloth (or paper towel))) (or let air dry).

**TO REMOVE MOLD STAINS AND MILDEW STAINS:**

- Thoroughly wet mold and mildew stains on hard, non-porous surfaces.
- Rinse clean with water.
- Wipe with a clean cloth or let air dry.
- Repeat application as necessary.

**TOILET BOWL AND URINAL DISINFECTANT (CLEANING) DIRECTIONS**

- Pre-clean visibly soiled surfaces prior to disinfection. Empty water out of toilet bowl or urinal and apply this product to exposed surfaces, including under the rim with a toilet [(brush) (mop)], cloth or sponge, (mechanical spray device,) (or) (hand pump) (coarse trigger) spray device. For spray applications, spray 6 - 8 inches from surface. Do not breathe spray. Brush or swab thoroughly, then allow solution to stand for 10 minutes and flush.

**FOR USE AS A CLEANER/DISINFECTANT IN FOOD PROCESSING PLANTS:**

- Before using this product in food processing areas, food products and packaging materials must be removed from the room or carefully protected.
- Apply this product evenly over hard, non-porous surface. Be sure to wet all surfaces thoroughly.
- Allow product to remain visibly wet on surface for ten (10) minutes.
- Wipe with clean cloth, sponge, or paper towel.
- For visibly soiled areas, thoroughly clean surface prior to disinfecting.
- When disinfecting food contact surfaces used for food preparation, rinse surfaces thoroughly with potable water. This product must not be used to clean the following surfaces: utensils, glassware, and dishes.

**FOR USE TO CLEAN AND DISINFECT BARBER AND BEAUTY/MANICURE INSTRUMENTS AND TOOLS:**

- Remove visible soil prior to the application of this product.
- Completely immerse pre-cleaned combs, brushes, scissors, clipper blades, razors, manicure implements and other hard, non-porous instruments in this product so that surfaces remain visibly wet for ten (10) minutes.
- Rinse surfaces thoroughly and let air dry before reuse.
- Change solution daily or when visibly dirty.

**NOTE:** Remove instruments after ten (10) minutes. Then rinse, dry and keep in a clean, non-contaminated receptacle until use. Prolonged soaking may cause damage to instruments.

#### **FOR TREATMENT OF ANIMAL HOUSING FACILITIES (INCLUDING POULTRY BARNs):**

- Remove all animals and feeds from areas being treated.
- Remove all litter and manure from floors, walls and surfaces of barns, pens, stalls, chutes, and other facilities occupied or traversed by animals.
- Empty or cover all troughs, racks and other feeding and watering appliances.
- Thoroughly clean all surfaces with soap or detergent and rinse with water.
- Apply this product to floors, walls, cages, and other washable hard, non-porous surfaces. For smaller surfaces, use a trigger spray bottle to spray all hard, non-porous surfaces with solution until wet. To disinfect, all surfaces must remain visibly wet for ten (10) minutes.
- Immerse all halters, ropes, and other types of equipment used in handling and restraining animals, as well as forks, shovels, and scrapers used for removing litter and manure.
- Ventilate buildings and other closed spaces. Do not house animals or re-employ equipment until product has dried.
- For disinfection of feed racks, troughs, automatic feeders, fountains, and watering appliances scrub with use-solution, let stand ten (10) minutes. Then thoroughly scrub all treated surfaces with soap or detergent and rinse with potable water before reuse.

#### **FOR USE AS A CLEANER/DEGREASER:**

- Apply to hard, non-porous surfaces.
- Wipe dry (with a clean cloth) (or let air dry).

#### **FOR USE AS A DEODORIZER:**

- Apply to hard, non-porous surfaces.
- Wipe surfaces or let air dry.

#### **FOR USE AS A CARPET CLEANER (SPOTTER):**

- Apply a small amount to stain.
- Agitate with bone scraper and let stand for 3-5 minutes.
- Blot dry and rinse with clean water.
- Repeat as needed until the stain is completely removed.

**NOTE:** Always test first in an inconspicuous area. To test: Apply a small amount, press with an absorbent white cloth for 10 seconds and see if there is any dye transfer.

#### **FOR USE IN CARPET CLEANING (PRE-SPRAY):**

- Vacuum carpet thoroughly prior to application.
- Apply evenly to carpet surfaces through a coarse hand pump or trigger spray device. Do not breathe spray.
- Let dwell for 5-10 minutes.
- Extract carpeting per manufacturer's instructions.
- Allow to dry thoroughly before resuming foot traffic.

**NOTE:** Always test first in an inconspicuous area. **To test:** Apply a small amount, press with an absorbent white cloth for 10 seconds and see if there is any dye transfer.

#### **FOR USE AS A GLASS CLEANER:**

- Apply evenly to glass surfaces through a (coarse) trigger spray device. Do not breathe spray.
- Wipe dry with an absorbent cloth or towel.

**TO CLEAN, DISINFECT AND DEODORIZE (KITCHEN) (BATHROOM) (HOUSEHOLD) HARD, NON-POROUS NON-FOOD CONTACT SURFACES:**

- Remove visible soil prior to the application of this product.
- Apply this product to hard, non-porous surfaces with a sponge, brush, cloth, (mop,) (auto scrubber,) (mechanical spray device,) (by immersion,) or (hand pump)(coarse trigger) sprayer. For spray applications, spray 6 - 8 inches from surface. Do not breathe spray.
- All surfaces must remain visibly wet for ten (10) minutes.
- Wipe dry (with a clean cloth) (or let air dry).

**DIRECTIONS FOR ALTERNATE CONTAINERS DELIVERY SYSTEMS**

**(COARSE) TRIGGER SPRAYERS (OR MECHANICAL SPRAY DEVICE):** Fill [(bottle) (container)] from dispenser. Apply to surfaces according to directions above.

**STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage or disposal.

**PESTICIDE STORAGE**

Store this product in a cool [dry] area, [away from direct sunlight and heat] to avoid deterioration.

**PESTICIDE DISPOSAL**

Wastes resulting from the use of this product must be disposed of on site or at an approved waste disposal facility.

**(CONTAINER HANDLING - Reviewer Note: One or more of the following paragraphs for Container Disposal will be selected, depending on packaging type:)**

**CONTAINER HANDLING:** Non-refillable container. Do not reuse or refill this container. Offer for recycling or reconditioning if appropriate or puncture and dispose of in a sanitary landfill or by incineration.

*For 2.5 gallon bladder in box*

**CONTAINER HANDLING:** Non-refillable container. Do not reuse or refill this container. Completely empty bag into application equipment, then offer for recycling if available or dispose of empty bag and corrugated box in a sanitary landfill or by incineration.

*For 275 gallon, 300 gallon or 330 gallon tote*

**CONTAINER HANDLING:** Refillable container. Refill this container with (this product) only. Do not reuse this container for any other purpose. Cleaning the container before final disposal is the responsibility of the person disposing of the container. Cleaning before refilling is the responsibility of the refiller. To clean the container before final disposal, empty the remaining contents from this container into application equipment or a mix tank. Fill container about 10 percent full with water. Agitate vigorously or recirculate water with the pump for 2 minutes. Pour or pump rinsate into application equipment or rinsate collection system. Repeat this rinsing procedure two more times. When empty, return to point of sale or puncture or dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.
